

Pea River Historical & Genealogical Society Newsletter

April 2013

Identifying, collecting, preserving, archiving, researching, and promoting interest in historic and genealogical materials and records of Coffee County and the Pea River Region of South Alabama

Dear PRHGS members,

With this first issue, I'm reviving an excellent idea of our Pea River Trails editor, Rex Everage – a society newsletter. A monthly publication will allow us to spread news and publicize events more efficiently than we can do with our quarterly Trails. The newsletter will be sent in .pdf format to all members who provided an e-mail address on the membership application, saving the cost of copying and postage. We will also make the newsletter accessible on our website.

I hope you will all feel free to participate in the newsletter. If you know of an event of historical or genealogical significance in the Pea River area that we haven't listed, please let us know about it, especially family reunions. If you have ideas or suggestions for future issues, I'd like to hear from you!

PRHGS On-Line

We have a new official website at:

<http://www.peariver.org>

The site contains an index to all back issues of Pea River Trails, along with other useful resources. Several pages of the website are under construction. We hope to complete these sections soon, and eventually include a complete catalogue of the books and other resources in our Library and an on-line store where you can shop for merchandise carried by our Gift Shop.

In addition to the website, we also have a presence on Facebook. Go to Facebook (<http://www.facebook.com>) and type *Pea River Historical and Genealogical Society* in the search box. When the page comes up, "like" us!

March PRHGS Meeting

The Society met on Sunday, March 17, at the Enterprise Welcome Center. Joe Smith presented an inspiring oral history program about a serious accident he suffered while working on an oil rig, and his lengthy recovery from his injuries.

May PRHGS Meeting

We will meet on Sunday, May 19, at 2:00 pm at the Enterprise Welcome Center. As always, the May meeting is our annual business meeting. We urge members to attend this important meeting.

Do you have **two hours each week** that you could spend volunteering at one of our facilities? Give us a call at 393-2901.

You can make a **big difference** in allowing us to have our Gift Shop/Library, the Depot Museum, and the Welcome Center open every day from 10 am til 4 pm!

Family Bible Re-united With Owner

In the last issue of Pea River Trails, we described a Bible that was found, and listed the names written inside. The Bible was presented to Frances Andrews King in 1957 by her mother. Among other important events, Frances recorded her marriage (which took place in Enterprise) and the birth of her daughter Ginger.

One of our members recognized the family names, and put them in touch with the Society. As a result, we were able to send the Bible to Ginger. Our thanks to those who found the Bible and helped get it back to the family!

Coffee County Cemetery Project

The Cemetery Committee of the Pea River Historical & Genealogical Society is in the process of identifying and surveying every cemetery in the county.

We want to encourage the marking of graves that were never marked, or have markers that have become unreadable over time. We would like to see an identifying sign at every cemetery as well.

Old family cemeteries and a few cemeteries that were attached to churches no longer in existence, are in regular need of cleaning. We need volunteers willing to work to prevent old cemeteries from becoming overgrown and perhaps lost to time.

If you can help with the work of the Cemetery Project, call Committee Chairman Georgia Fleming at (334) 347-0017 or e-mail hyacinth@ala.net.

PRHGS Oral History Project

The goal of our Oral History Project is to continue collecting audio and video taped interviews and recollections of area residents who lived through the great turning points of the 20th Century, particularly those who witnessed and participated in those events in the Pea River region. We are

especially interested in preserving the stories of our veterans of all wars.

If you have memories to share, or know someone who does and would be willing to participate in the Oral History Project, please call us at 334-393-2901 or e-mail hyacinth@ala.net.

Acquisitions

We recently received a large donation of books from Mount Pleasant Baptist Church. The collection is especially rich in books about Indian tribes of Southeast Alabama – Choctaw, Cherokee and Creek; other tribes across the United States are represented as well. These books explore both the history and culture of the tribes.

There are also several fine additions to our books on Scottish history and genealogy, such as The Highland Scots of North Carolina 1732-1776 and Scotch Irish Pioneers in Ulster and America. Our thanks to Mount Pleasant!

Members: Don't forget that you can use the research computer in the Library/Gift Shop at no charge, a benefit available only to members. We have access to Ancestry.com and a high-speed connection to the Internet. The Ancestry subscription includes all of the U. S. Censuses that have been released (from 1790 to 1940), along with the Slave Schedules of 1850 and 1860 and many other valuable records of births, marriages, and deaths. We've also made it easy for researchers to connect with the Ellis Island database of immigrant arrivals, the Alabama Department of Archives and History database of Alabama Confederate Service Records, and the searchable records of the LDS Church. Stop by the Library when you can and take advantage of what the research computer offers!

Mark Your Calendars!

May 30 – Unveiling of the Alabama Historical Commission Marker for the birthplace home of James E. (“Big Jim”) Folsom, in Elba, one block east of the courthouse on Putnam Street, next to the old jail, at 10 am. The marker is a project of the John Coffee Chapter, Daughters of the American Revolution.

Is Your Family Represented ...

... in our Library’s “Surname” collection? These books are family histories and bound collections of family group sheets. If not, please consider donating a copy of your family history. This can be as simple as a few hand-written pages to place in a folder in our Surname filing cabinet, or a professionally published hard-back book for the shelf. Some examples of titles in this collection are: [Descendants of William Cain](#), [Dowling Family of Georgia and the Wiregrass](#), [McGinty Family Tree](#), and [Bradleys and Allied Families of South Carolina](#). We can assist you in binding your history. To find out what we already have on your family, or to arrange the donation of your family history, call Georgia at 334-347-0017, or email hyacinth@ala.net. We are also interested in archiving information copied from Family Bibles in your possession.
